<b>2. Presentation on <a href="#">#RealCollege 2021: Basic Needs Insecurity During The Ongoing Pandemic</a></b>	<p>Dr. Koji Uesugi, Rigo Estrada, Pauline Swartz presented on a survey that The Hope Center conducted during Fall 2020. The highlighted factors that affected college students during the pandemic, including: food insecurity, housing insecurity, and homelessness. Rigo mentioned challenges that students shared during the pandemic, including difficulty concentrating on classes, having to take care of a family member, and problems with internet/computer access.</p> <p>The presentation made members aware of all the negative factors and challenges that real college students are facing. Committee members shared helpful links that faculty and staff could share with students.</p>	<p>Great efforts were made during the pandemic to continue to provide basic needs resources to students.
