

**GUIDED PATHWAYS  
TO SUCCESS**

**MT. SAC**

**SPOTLIGHT**

## **Supply Chain Management Certificate**

Supply Chain Management is the steps a company takes to *transform* raw materials into the final products that are delivered to your door: *plan, make, source, deliver* and *return*. Learn how to make a supply chain better, faster, and more cost-efficient! The **Supply Chain Management Certificate** offers a practical, relevant approach to supply chain management and can offer individuals opportunities for a career path with upward mobility options. This **certificate** is taught fully online and includes only **4 courses** that can be completed in one semester. Optional **work experience** courses available with industry partners.

### **Events:**

- Tri-College Student Pitch Competition
- Supply Chain Management Week - Webinars & Speakers
- Accounting, Finance, and Management Club meet every Friday at 11:30 a.m.
- Virtual Field Trip
- Distribution Management Association Partnership/Scholarship
- Accounting & Management Website

### **Educational and Professional Growth Collaborations:**

- CSU Pomona Technology and Operations Management, B.S. and student club
- CSU Fullerton Business Administration, Operations and Supply Chain Management concentration B.A. and student club
