Registration Information

Registration is happening now. Sign up today!

How to Register for a Class

Students can register for classes online, in person, or by meeting with their counselor.

To register online, complete the noncredit application online each semester. After completing the noncredit application, we will email you a personalized registration link where you can select your classes. The noncredit application is available online at www.mtsac.edu/noncreditapp

To register in person, complete a white registration card. This registration card serves as your application and registration document. You can get a blank white registration card from your teacher. After filling it out completely, please give it back to your teacher for processing.

To register for in-person *Computer Skills* classes or *other impacted classes,* see the following page for registration information.

Need help?

Come see us in person! We have application workshops and registration support dates out in the community at a location near you. See the following pages for details.

Summer & Fall 2024 Registration Support Dates

If you would like to register for **in-person *Computer Skills* class or *other impacted class***, you **must** attend the registration support day at the location where you plan to take the class (*see schedule below*). You do not need to attend registration support day if you are not interested in taking impacted classes. Impacted classes are noted in the schedule book with a double-asterisk (**) next to the CRN number.

Date	Time	Location
Tuesday, May 7	10am-12pm	Diamond Bar Center
Wednesday, May 8	10am-12pm	Heritage Park, Diamond Bar
Thursday, May 9	10am-12pm	La Verne Community Center
Friday, May 10	10am-12pm	Baldwin Park Julia McNeil Senior Center
Monday, May 13	9am-11am	San Dimas Senior/Community Center
Tuesday, May 14	9am-11am	West Covina Senior Citizen's Center
Wednesday, May 15	10am-12pm	Washington Park, Pomona
Thursday, May 16	10am-12pm	Palomares Senior Center, Pomona
Friday, May 17	10am-12pm	Irwindale Senior Center
Tuesday, May 21	9am-11am	Walnut Senior Center
Wednesday, May 22	11am-1pm	Gibson Senior Center, Upland
Wednesday, May 29	10am-12pm	Covina Senior Center

** **In Person Technology Classes & Additional Impacted Classes**
   (*Additional impacted classes are: Summer CRNs 11576, 11563, 11564, and 11587 &
   Fall CRNs 23478, 23595, 23610, and 23593*)

Each person must register for themselves. Students may not register for anyone else. Registration is first-come, first-served.

If you miss the dates listed above, you may attend on the first day of class to see if space is still available, or you can contact the professor.

Additional Program Information

About the Vocational Re-Entry Program

Mt. San Antonio College's School of Continuing Education offers vocational re-entry (VRE) courses and certificates for adults returning to the workforce and as a means of supplemental income. Classes are available online, on campus, and at various locations and community centers. Students enroll in these classes to learn vocational skills that they can use to start a new career, start their own business, earn additional income, or to support their community. Students can earn certificates in Office Computer Applications, Basic Excel Applications, Basic Computer Presentations & Publication, Microenterprise, or Sewing & Tailoring.

Do you have questions about a class?

All faculty members teach their classes slightly differently based on their knowledge, expertise, and teaching philosophy. It is the policy of Mt. San Antonio College to maintain and encourage freedom for its faculty, within the law, of inquiry, teaching and research, and the pursuit of knowledge.
If you have questions about a specific class, we encourage you to email the faculty member.

Course Modality

Course Modality refers to how an instructor delivers their course.

- **In Person Learning** takes place at a physical location at specific days/times.
- **Synchronous Learning** is online learning that happens in real time. This means that you, your classmates, and your instructor interact in a Zoom call through Canvas at a specific time.
- **Asynchronous Learning** is online learning that happens both in real time and on your schedule. All asynchronous classes have a weekly live Zoom call. In addition to the Zoom call, you are responsible for doing some work independently. You will be required to read, watch videos, participate in online discussion forums, or complete assignments outside of the scheduled Zoom time. You have the ability to access and satisfy these requirements within a flexible time frame.

Counseling

Our Vocational Re-Entry (VRE) counselors provide career, academic, and personal guidance. If you are in need of support, they can connect you with applicable campus and community services. They are here to help you achieve your goals!

If you are in need of counseling, please contact us at 909-274-4192 to schedule an appointment.

Class Descriptions

Computer Skills

VOC BCPP1 PowerPoint Basics 1
Basic use of PowerPoint to create slide presentations.

VOC BCPP2 PowerPoint Basics 2
Create PowerPoint presentations using text and object animation, video, audio, and hyperlinks.

VOC CPBC1 Basic Computing – Level 1
Introduction to the personal computer, including terminology and basic computer operations in a Windows environment.

VOC CPBC2 Basic Computing – Level 2
Create documents in applications such as Microsoft Word; include basic computer maintenance and problem-solving techniques.

VOC CPBC3 Basic Computing – Level 3
Software application skills including creative projects which introduce computer graphics.

VOC CPCC Creative Computing
Creative skills in utilizing graphic designs for projects such as labels, flyers, posters, greeting cards, and computer-generated fabric designs.

VOC CPDI Digital Photography for the Beginner
Digital camera operations, image management, composition, and use of graphics software.

VOC CPNET Internet Research – An Introduction
Fundamental Internet functions including terminology, email, search engines, and research tools.

VOC DCIS Digital Citizenship – Internet Safety Course *(tentative start date fall 2024)*
Fundamentals of digital citizenship, including the knowledge, skills, and ethical considerations necessary to be responsible and ethical users of digital technologies. Explores key concepts, strategies, and tools that can be utilized by adult re-entry students and/or incumbent workers seeking employment, upskilling, or reskilling in various workplace settings.

VOC DMB Digital Media Basics for the Workplace *(tentative start date fall 2024)*
Fundamentals of digital and social media to create and manage workplace social media accounts, navigate privacy and security settings, share and interact with content. This course will explore key concepts, strategies, and tools used in the digital landscape to effectively utilize digital platforms for professional growth in various workplace settings. Preparation for adult re-entry students and/or incumbent workers seeking employment, upskilling, or reskilling in an ever-changing job market.

VOC MIT Mobile Information Technology for the Beginner
Introduction to mobile information technology for skills, concepts, and principles to safely and effectively use mobile platform devices and the Internet.

Sewing, Jewelry, and Other Artisan Crafts

VOC ESD02 Production of Boutique Crafts for Retail Sales
Design and production of boutique crafts. Includes marketing, pricing, cost analysis, and use of emerging technology.

VOC ESD07 Handcrafted Needlework for Retail Sales
Needlework technique including knitting, crocheting, embroidery, needlepoint for plastic canvas, and emerging technology to construct finished products for sale.

VOC ESD08 Jewelry Production and Design for Retail Sales
Design and construct wire-worked jewelry using beads and stones with various methods of wire wrapping, coiling, hammering, and emerging technology.

VOC ESD09 Sewing and Design
Basic sewing techniques for basic tailoring, pattern reading, cutting, and style design to construct professional looking garments.

VOC ESD10 Beginning Decorative Art Production for Retail Sales
Introduction to decorative painting and associated mediums. Includes painting on a variety of surfaces using tole art brush strokes used in folk art, stenciling, and other design applications and emerging technology.

VOC ESD11 Intermediate Decorative Art Production for Retail Sales
Intermediate tole art brush strokes on a variety of surfaces using acrylic paints, associated mediums, and emerging technology to create finished products.

VOC ESD15 Jewelry and Lapidary Production Design
Jewelry making, stone cutting, polishing, and lapidary work, using emerging technology.

VOC QLT Artisan Quilting for Retail Sales *(tentative start date fall 2024)*
Fundamental quilting techniques and essential skills including fabric selection, preparation, pattern reading, cutting, piecing, appliqué, emerging quilt design and cost analysis to construct and complete artisan quality quilts for retail sales.

VOC ST1 Sewing and Tailoring 1
Patternmaking and garment fitting with flat pattern and draping methods, learned through process of creating a personal fitting form.

VOC ST2 Sewing and Tailoring 2
Haute couture garment construction, including couture tailoring techniques for inner structure, finishing, and achieving superior overall appearance.

Home Based Business

VOC HBB1 Starting a Home-Based Business
Starting a home-based business to become self-employed. Includes basic marketing, finance, and management skills.

VOC HBB2 Managing and Growing Your Home-Based Business
Managing day-to-day business activities to increase revenue and profitability to grow a home-based business.

Home Gardening

VOC AGR-G Home Gardening
Organic gardening, plants, fruit orchards, and traditional gardening, including design, propagation methods, pruning, and pest control.

VOC FS Fundamentals of Sustainability *(tentative start date fall 2024)*
Introduction to basic concepts of sustainability and examination of connections among social, economic, and environmental systems in society. The course explores multiple sustainability models, the history of the environmental and sustainability movements, and the urgency of implementing sustainable systems throughout society and the workforce. Waste issues, climate change, and the biophilia hypothesis will also be examined through multiple lenses, including environmental justice and ecojustice. Students will learn about the exciting career opportunities that are emerging within the growing field of sustainability.

VOC LFC Local Food Communities *(tentative start date winter 2025)*
An introduction to local food communities as it applies to the personal or professional roles involved in sustaining the well-being of a community. This course introduces regenerative and sustainable gardening methods and practices, exploring how they help build resilient communities and address food access issues. Students will learn about local farms, markets, and organizations involved with food in their local community. Learn how to actively collaborate with local food producers to improve the quality of life for the community.

VOC RG Regenerative Gardening *(tentative start date fall 2024)*
An exploration of organic and traditional gardening as it applies to gardeners and innovative green entrepreneurs. This course prepares students with gardening skills, including plant needs, design, propagation methods, pruning, and soil science, that can be applied on the job or in the community. Learn how to manage pests using integrated pest management, a science-based and environmentally sound system. This course is built upon a regenerative gardening framework centered around sustainability, waste reduction, community building, indigenous wisdom, and environmental education.

VRE Certificate Programs

Office Computer Applications - Level 1
This certificate is designed to prepare students for entry-level office support employment. Completion of the certificate provides students with basic skills for a computerized office environment. **Required courses:** VOC CPBC1, VOC CPBC2, and VOC CPNET <u>or</u> VOC CPDI.

Office Computer Applications - Level 2
This certificate prepares students with an array of office computer skills for a computerized office environment. Certificate requirements: completion of Office Computer Applications – Level 1 certificate. **Required courses**: VOC CPBC3 and VOC CPCC.

Basic Computer Presentation and Publication
This certificate prepares students for positions where entry-level skills in presentation and publishing software are needed. **Required courses**: VOC BCPP1, VOC BCPP2, and VOC BCDP.

Basic Excel Applications
This certificate will prepare students with specific entry-level Excel application skills for the computerized office environment. **Required courses**: VOC CPBE1, VOC CPBE2, and VOC CPBE3.

Digital Media Specialist
This certificate program is designed to provide students with a comprehensive foundation in digital media production and management. Through a combination of theoretical knowledge and practical hands-on experience, students will acquire the skills necessary to advance in their careers or transition into a new career as digital media specialists to succeed in today's fast-paced digital landscape. **Required courses**: VOC DCIS and VOC DMB <u>or</u> VOC CPNET.

Microenterprise
This certificate is designed to prepare students to start and manage a home-based business for self-employment or obtain a job in the field of business management. Students will gain knowledge and skills in the essentials of starting a small business, requirements of local/state/federal organizations, and best practices in hiring as well as in sales and marketing strategies. **Required courses**: VOC HBB1, VOC HBB2, and VOC MIT.

Regenerative Communities

This short-term program is intended to prepare students to become advocates for just, fair, and sustainable communities. This program is for students seeking to improve the resilience of their communities. This program provides foundational skills and training that can be applied to a broad selection of industries and jobs, as well as alternative food economies, with a particular focus on local food systems, regenerative agriculture, and sustainably meeting the needs of the community. Students must pass all required courses to earn the Regenerative Communities Certificate of Completion. **Required courses**: VOC RG and VOC FS.

Sewing & Tailoring

This certificate is customized to prepare students who are seeking to acquire specific skills used in today's emerging fashion industry for tailors, dressmakers or custom sewers to master each phase of the apparel process. Work opportunities include alterations, sewer, alterations tailor, bridal gown fitter, coat cutter, coat maker, couture dressmaker, dress fitter, fur tailor, garment fitter, and suit maker. **Required courses**: VOC ST1, VOC ST2, and VOC ESD09.

If you'd like to learn more about earning a certificate, please meet with a counselor. Contact us at 909-274-4192 to schedule an appointment.

Semester Dates

Spring 2024

Registration is ongoing
Classes Begin: February 26, 2024
Classes End: June 16, 2024
Holidays: April 1 and May 27

Summer 2024

Registration Begins: May 6, 2024
Classes Begin: June 17, 2024
Classes End: Varies - Check schedule for details
Holidays: June 19 and July 4

Fall 2024

Registration Begins: May 6, 2024
Classes Begin: August 26, 2024
Classes End: December 22, 2024
Holidays: September 2, November 11, November 28, and November 29

Winter 2025

Registration Begins: November 6, 2024
Classes Begin: January 6, 2025
Classes End: February 16, 2025
Holidays: January 20 and February 14

Spring 2025

Registration Begins: November 6, 2024
Classes Begin: February 24, 2025
Classes End: June 15, 2025
Holidays: March 31 and May 26
