**This Auction funds the Student Life Mark Minor Memorial Scholarship.**

In remembrance of the late Mark Minor, former Mt. SAC Associated Students/Student Life Publications Technician, this scholarship is given in his honor to students who have shown a passion to succeed and excel in school while being a single parent. For over 20 years, Mark worked closely with students who were involved with clubs & organizations and Associated Students. He loved to interact with ambitious and conscientious students who proved that they could succeed within the classroom while balancing other areas of their life. Mark was passionate about the work he did and this scholarship recognizes students who are also passionate, committed, and dedicated to succeed.
