

Chapter 7 - Human Resources

AP 7330 Communicable Diseases

References:

Education Code Sections 87408, 87408.6, and 88021

For applicants offered positions:

- a medical certificate is required showing that the applicant is free from any communicable disease, including, but not limited to, active tuberculosis, unfitting the applicant to instruct or associate with students;
- the medical certificate shall be submitted by a physician as authorized by code;
- the medical examination is conducted not more than six months before the submission of the certificate and is at the expense of the applicant;
- a contract of employment may be offered to an applicant subject to the submission of the required medical certificate; and
- the medical certificate becomes a part of the personnel record of the employee and is open to the employee or his or her designee.

The professional staff members in the Mt. SAC Student Health Center shall maintain a liaison with the appropriate local public health authorities when communicable disease issues arise on campus. Student Health Center professionals will report communicable disease measures to the Human Resources Office and together these offices along with the Instruction Office will communicate and coordinate communicable disease measures with appropriate campus departments.

Also see AP 7336 Certification of Freedom from Tuberculosis and AP 5210 Communicable Disease related to students on campus.
